Sort by relevance | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Replacement, upgrade and/or addition of hot-pluggable components in a ...

US Pat. 6487623 - Filed Apr 30, 1999 - Compaq Information Technologies Group, L.P.
26, 2002 (54) **REPLACEMENT, UPGRADE AND/OR ADDITION OF HOT-PLUGGABLE COMPONENTS IN A COMPUTER SYSTEM** (75) Inventors: Theodore F. Emerson, Houston; ...

Apparatus for upgrading a personal computer

US Pat. 5438476 - Filed Jan 11, 1994 - Dell USA, L.P.
4A and assembled housing structure, are the various operating 4B. components of the **computer** 10 including a mother- 65 **Upgrade** kit 52 includes a **replacement** ...

[APPLICATION] Replacement, upgrade and/or addition of hot-pluggable components in a ...

US Pat. 10145553 - Filed May 14, 2002 - Compaq Information Technologies Group, L.P.
A failing memory module may be replaced by copying its contents to a new memory module in a background operation while the **computer** system runs its ...

Method of convertibly upgrading a personal computer

US Pat. 5337464 - Filed Nov 20, 1992 - Dell U.S.A., L.P.
60 cially designed four **component upgrade** kit generally Mounted atop the ... the **computer** 10 including a mother- **Upgrade** kit 52 includes a **replacement** top ...

Dynamic non-volatile memory update in a computer system

US Pat. 5579522 - Filed Jul 24, 1995 - Intel Corporation
First, the ROM **replacement** operation typically must be performed manually by qualified field 60 service or **computer** repair personnel; thus, the operation ...

Hot-pluggable component detection logic

US Pat. 6401157 - Filed Apr 30, 1999 - Compaq Information Technologies Group, L.P.
1 is a schematic block diagram of a **computer** system according to the present ... Typically, the new **component** module, be it a **replacement, upgrade** and/or ...

Establishing one computer as a replacement for another computer

US Pat. 6301612 - Filed Aug 12, 1998 - Microsoft Corporation
In cases involving the **replacement** of an entire client **computer**, ... As used herein, the term "critical hardware **component**" is defined as any hardware ...

System permitting the external replacement of the CPU and/or DRAM SIMMs ...

US Pat. 5673174 - Filed Mar 23, 1995 - Nexar Technologies, Inc.
This would memory modules (SIMMs) boards. allow end-users to easily **upgrade** their **computer** system as **Computer** chassis and cover assemblies have remained ...

System and method for protecting shared system files

US Pat. 6618735 - Filed Jun 30, 2000 - Microsoft Corporation

A **computer-readable medium** as in claim 12, wherein the monitoring **component** is placed above file system drivers to monitor calls to the file system drivers ...

[APPLICATION] Scheme leveraging knowledge gained of a customer's **computer** system to ...

US Pat. 19731571 - Filed Dec 9, 2003

ality of **upgrade** products which at least contain an **upgrade** over one or ... [

0012] The present invention also provides a **computer replacement** system at ...
